To Architects and Builders

We beg to call your attention to the fact that the manufacture of moulded and colored work requires considerable time ; therefore, parties contemplating using this work will see the importance of giving us all the notice possible, so as to insure prompt delivery.

In Ordering

Specify the number of shape, color and quantity ; also, describe the angles, if any are needed, thus :—

In Shipping

Give as full particulars as possible, to avoid mistakes and delay in the delivery of your goods.

Philadelphia Hand-made Front

This company make and have in stock at all times very fine Philadelphia hand-made front bricks, and all classes of building brick.

Made from down-town pure tempered clay—the best the city affords.

Pompeian Mottled

Rich warm color (send for samples). These are kept in stock in the following sizes :—

Length, 12 inches.	Width, 4 inches.	Thickness, $1\frac{1}{2}$ inches.
“ $8\frac{1}{4}$ “	“ 4 “	“ $1\frac{1}{2}$ “
“ $8\frac{1}{4}$ “	“ 4 “	“ $2\frac{1}{4}$

We also make this color in any moulded form for trimmings, belt courses, etc., upon timely notice.

This company have facilities for grinding and fitting all kinds of arches, fireplaces, etc., at the shortest notice. Full size plans for masons sent with each lot of arches.

All our work guaranteed to be of the best, as we employ the most skilful workmen and the best materials.

Buff Bricks

Solid rich color. The only Buff Brick made without adulteration from thoroughly tempered clay. It is necessary to see and handle these bricks to appreciate them.

Ordinary sizes always kept in stock.

We also make these in moulded forms, upon timely notice.

Brown Bricks

Solid throughout. Made from tempered clay. More durable than stone and fully as handsome.

Made to any form, upon order.

Gray and White Bricks

These are largely used for interior work.

Made to any form, upon order.

Recent tests of our Buff Pressed Brick showed a crushing strength of **122,000** pounds and our Machine-made Red Pressed Brick showed **108,000** pounds, thus demonstrating the superiority of our brick over all other makes.

Estimates will be given of the cost of bricks required for the construction of a fireplace or mantelpiece of any design forwarded the company.

Arch Bricks

Of these we keep but few in stock, but we can, at very short notice, prepare arches from plain bricks to suit any opening if parties ordering will observe the following instructions: —

Give the width of opening of door or window.

Give the height or thickness of face of arch.

Give the depth of reveal or soffit of arch.

Give the kind of arch—if semi-circular, segmental, flat, elliptic or gothic.

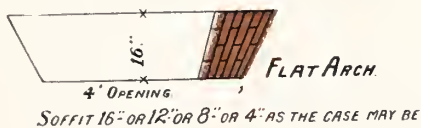

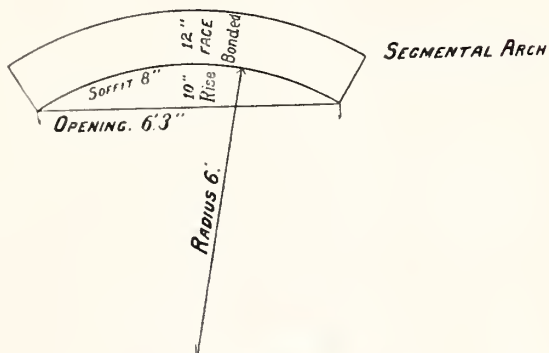

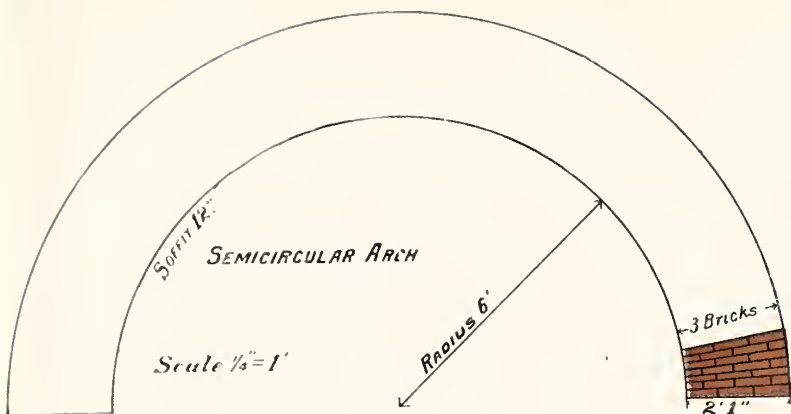

Give radius, if possible (see page 7).

Fire Places

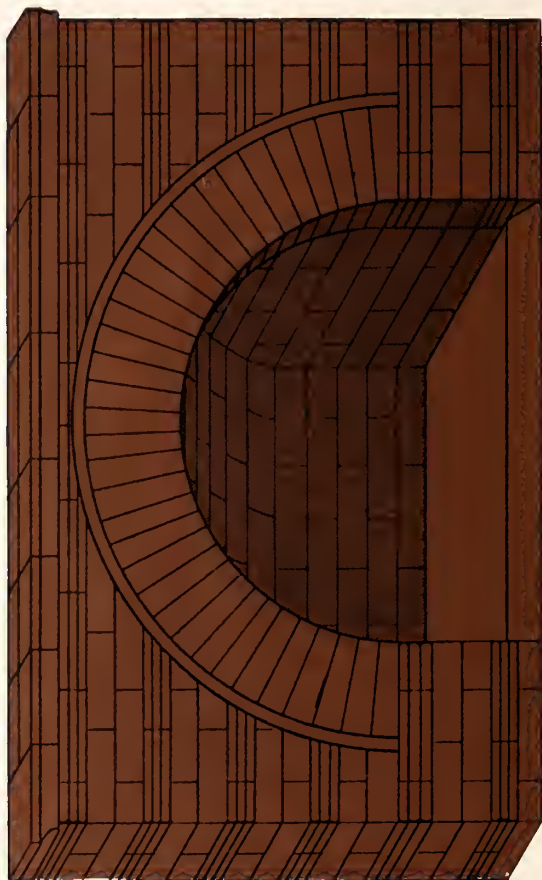

Parties wishing to purchase, can send their plans and we will return estimate; or, give us an idea of location, size, etc., and we will forward a plan, with cost of same, for your inspection.

Send your plans to us and we will give you an estimate of cost for each arch, with full size working plan, packed in barrels and delivered f. o. b. cars or boat.

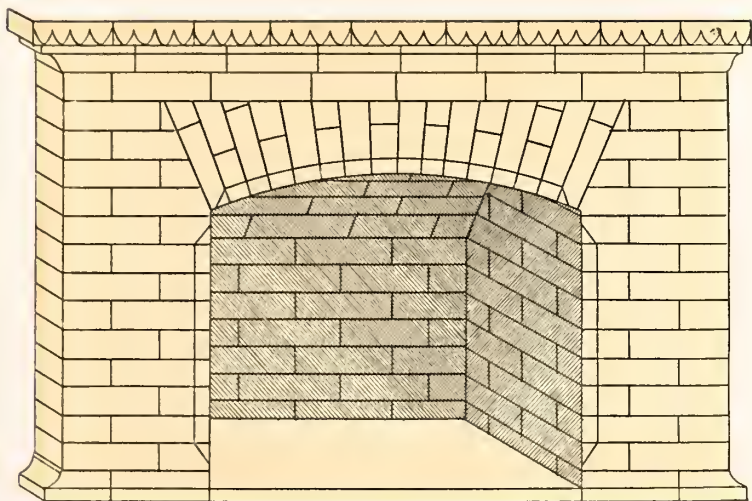

Bricks for fire-places are packed in barrels, bedded tight with saw-dust, securely headed, and marked as directed to the purchaser.
